

AARON TANG

Senior Product Designer | Payments, Fintech & Transaction Systems

atangdesign.com | aarontang.design@gmail.com | linkedin.com/in/aaron-tang

SUMMARY

Senior Product Designer with 7+ years designing payment, fintech, and enterprise products at OKX, PlayStation, and Walmart. Experienced leading 0→1 launches and scaling trust-critical transaction systems used by hundreds of millions of consumers and thousands of enterprise operators.

EXPERIENCE

Senior Product Designer, Payment | OKX

Mar 2024 – Present

- Led **Recurring Buy** across three releases — diagnosed weak launch performance as setup friction, funding infrastructure gaps, and lifecycle trust issues, growing recurring-buy volume **5×** and active plans **+40%**; redirected the V3 roadmap to price-range DCA through user research.
- Redesigned payment onboarding, pivoting activation from first-time deposit to first-time trade — boosting Apple Pay usage **3×** and increasing completed transactions.
- Led the 0→1 design of **OKX Pay** — payment, on-chain send/receive, transfer, top-up, and asset conversion — alongside global trading and fiat deposit/withdrawal experiences.

Senior Product Designer | Sony PlayStation

Sep 2021 – Mar 2024

- Owned payment experiences for PlayStation's **300M+ global users** across Apple Pay, Venmo, Alipay, WeChat Pay, iDEAL, Bancontact, and regional platforms; led the launch of **Brazil Installments**, contributing to **2×** market growth, aligning business, engineering, legal, and regional teams.

Senior Product Designer (Part-Time) | NEXT Trucking

Nov 2021 – Oct 2022

- Led operations platform design around automation and exception management — increased dispatch throughput **25%** and cut losses **~\$5 per container** — and established the design system adopted across web and mobile products.

Product Designer | Walmart

Apr 2019 – Sep 2021

- Led end-to-end design for **Walmart Global Sourcing** across six international markets; sourcing automation and compliance tools used by **2,000+ associates** generated **\$800K in annual savings**.

Associate UX Designer | Basis Technologies (formerly Centro)

Aug 2018 – Apr 2019

- Designed workflow improvements and product initiatives for an enterprise ad-tech SaaS platform.
